

THE ROCKWELL LAKE LODGE

Great Accommodations Surrounded by Nature

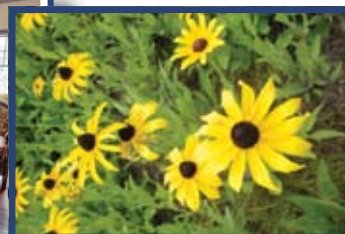

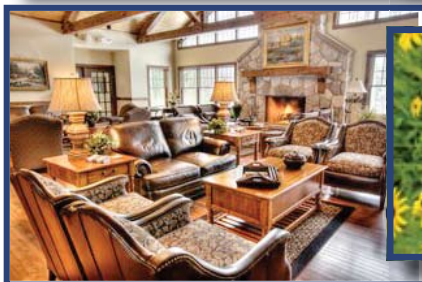

Michigan's Natural Wonder

Just Down the Road At The Rockwell Lake Lodge

When searching for a summer vacation or weekend get away, The Rockwell Lake Lodge offers natural wonders close to home and at a very affordable price.

Rediscover the explorer in yourself at The Rockwell Lake Lodge, an almost-home hideaway filled with the anticipation of discovery. Like the four seasons of Michigan, the Lodge offers four spectacular amenities: great cuisine, gracious hospitality, great accommodations and super natural surroundings.

Gourmet meals in the Lake View Dining Room prepared by Chef Andrew Quick will be a highlight of your stay. Upon entering the Grand

Foyer, you'll be greeted by our staff, whose hospitality is as warm as a wood fire in our native stone fireplace.

When you step into nature just outside your door, you'll hear spring peepers and loons, chuckling chipmunks and perhaps the eagles, which often nest in the area. Ten miles of trails will beckon you to explore and Rockwell Lake invites you to test your angling skills or simply boat or canoe its spring waters.

When the sun finally sets, you can gather with friends around the campfire and recount the day's discoveries in the natural wonder that is The Rockwell Lake Lodge.

HILLSDALE COLLEGE
